

Application No. 10/777,118

REMARKS

Claim Rejections

The Examiner has indicated in the Office Action that claims 1-4 are in condition for allowance except for the following formal matters: in claim 1 there is no antecedent basis for "the metal connecting portion"; and "the an upper" should be corrected as "an upper". By amendments, applicant has amended the claims as suggested by the examiner in order to overcome the objection.

Drawings

It is noted that no Patent Drawing Review (Form PTO-948) was received with the outstanding Office Action. Thus, applicant must assume that the drawings are acceptable as filed.

Amendments to the Claims

Claim 1 is objected to because of the informalities as indicated in the Detailed Action. The examiner has indicated that claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112 2nd paragraph, set forth in this Office Action.

Application No. 10/777,118
